

Edgarley Assisted Living

MEMO

No: .062024

Date: 19/01/2024

To: NOK, POA & Families

Subject: Masks

Hi To All Family Members and NOK's

This memo is to inform you of changes regarding wearing of masks when visiting Edgarley Assisted Living.

As of the 19/01/2024 when you are visiting Edgarley you will no longer be required to wear masks. It is still asked that if you have any signs or symptoms of cold or flu or other infection that could be passed on, please refrain from visiting. A supply mask will still be available for visitors if you still wish to wear one.

Please if we all remain vigilant hopefully, we can stay out of masks for longer than last attempt.

Visitation of Family Members, NOK and friends will be still be required to attend to a RAT test before visiting. Please continue with antiseptic hand rub before entering the facility and on leaving.

Also, if possible, can you please pass onto any friends that may wish to visit, this information. We will continue to update you if any further changes occur.

Many thanks to all NOK, POA and Families for your support throughout the ongoing changes.

Many Thanks

Trish McKenzie IPC Lead
