

Edgarley Assisted Living

MEMO

No: 242025

Date: 25/08/2025

Subject: Aged Care Act.

To: Residents, NOK, POA

Hi to All Residents, NOK, or POA

The Department of Health, Disability and Ageing Information has now released the new Rights Based Aged Care Act which includes Statements of Rights.

This new Rights-Based Aged Care Act is to commence on the 1 November 2025. Edgarley Assisted Living want to ensure that you are informed and prepared for what this means. We encourage you to ask any question or raise any concerns. We understand that change can bring uncertainty, but the goal of the Rights- Based Aged Care Act is being put in place to protect and empower our residents in care.

What the facility is currently undertaking is updating our policies and procedures to reflect the new standards, train the staff in the New Aged Care Act and Statement of Rights, ensuring care plans reflect each resident values, preferences and goals and strengthen ways for residents and families to provide feedback.

Please find attached information regarding the Statement of Rights.

Kind Regards

Trish McKenzie CI/IPC LEAD
