

Edgarley Assisted Living

MEMO

No: 252025

Date: 15/09/2025

Subject: Aged Care on Site Pharmacist (ACOP).

To: Residents, NOK, POA

Hi to All Residents, NOK, or POA

Sending notification that as part of the new Aged Care Standards Edgarley Assisted Living will now have an onsite pharmacist in place for one day per week. The Pharmacist is employed through our local pharmacy to provide Edgarley with this service.

Pharmacist Adrian Walker will commence over the next two weeks. His role will be medication management reviewing medication to reduce harm, working with GP's, nursing staff, and other health professionals. Resident and family conferences and education to staff on the optimal use of medications.

All of this leads to improved safety in medications management and allow the residents and families open optunity for discussing their medications.

Kind Regards

Trish McKenzie CI/IPC LEAD
