Subject: COVID Update

To: Residents, NOK, POA & Families.

We are writing to update you that as of today 07/05/2026 we have 11 residents and 5 staff members currently COVID positive within our facility.

COVID positive residents still remain on the lower floor.

The facility has hired agency staff to assist with staffing levels so that residents are not placed at risk.

The health and wellbeing of our residents, staff, and visitors remains our highest priority, and we are actively managing the situation and continue to maintain contact with the Public Health Unit.

We understand this causes concern and appreciate your support and understanding as we work to protect everyone in our care.

Should you have any questions or require further information, please contact Edgarley.

Many Thanks

Trish McKenzie IPC Lead
